GOEQUIPPED

Do you have a desire to serve Jesus through your profession, business or studies?

GO Equipped is a 3-day certification course designed for students, business people, workers and professionals who desire to let faith and work go hand in hand. Here are some of the main subjects you can enjoy:

- Businesspeople, professionals and students in God's strategy
- Why did God create work?
- Six ways to bring your faith to work
- Business as Mission
- Building your cross-cultural understanding and competence
- Good tools for serving Jesus through your work
- Spiritual disciplines and workplace discipleship

"Christians in many skills, trades, businesses and professions, can often go to places where traditional church planters and evangelists may not."

-The Lausanne Movement

About Tent

Beginning as Global Opportunities in 1984, Tent is a resource center for professionals, business people and students who want to bring the Gospel to new places through life and work. We are part of the Tent International network. Our dream is that there should be at least one Christian in all workplaces and places of study - all over the world. If you share the same vision, you belong with us!

What is Tentmaking?

Missions-motivated Christians who support themselves in secular work, yet do full-time, cross-cultural evangelism on the job and elsewhere. Most Christians who work in a foreign country are not tentmakers since they do not intentionally win local people. True tentmakers work strategically to reach the local people.

"I believe one of the next great moves of God is going to be through the believers in the workplace."

-Billy Graham
